# Great for Beginners

## Y 30 Zone

### What is it?

The Y 30 Zone is a total body workout that combines cardiovascular and strength training in a quick 30 minute workout. Cardiovascular and strength circuit training is a total-body workout that involves performing a series of different exercises in one training session, alternating between intervals of strength training and cardiovascular exercise. Because the workout includes both strength and cardio training, exercisers will realize the benefits of both types of exercise. Perfect for exercisers with limited time that still want a total body workout.

### Benefits:

- Some of the benefits of total-body strength training include; increased strength, lean body mass, improved posture and muscle balance, and increased bone density, which helps prevent osteoporosis.
- Circuit program exercises quickly alternate between strength and cardiovascular, the exerciser's heart remains elevated and sustained above a resting level throughout the workout. This promotes cardiovascular conditioning and reduces the need for a separate cardiovascular component in the workout.
- Benefits of cardiovascular conditioning include improved energy levels, lowered blood pressure, increased HDL (good cholesterol) levels, reduced risk of heart disease, and improved endurance.
- Circuit training programs are also proven to burn more calories compared to traditional strength training programs due to the maintenance of an elevated heart rate.
- The addition of cardiovascular exercise between strength exercises also increases lean body mass, which results in a higher resting metabolism. This means more calories are burned throughout the day.

The end result is that circuit training improves general conditioning, body composition, muscular endurance, muscular strength, and cardiovascular fitness.

## **Y Care Strong Kids Campaign**

When you give a gift, you are helping to open doors for those less fortunate so that, regardless of income, everyone has the opportunity to be a part of the Y programs, classes, and activities. We count on the generosity of our members and community to help people of all ages and from all walks of life be more healthy, confident, connect, and secure.

As the leading non-profit for youth development, healthy living and social responsibility, the Y uses your gift to make a meaningful, enduring impact here at home. We have many convenient ways you can make a contribution. You can make a donation online at [www.ivymca.com](http://www.ivymca.com), pay over the phone or at the Y with credit card, or send check by mail or pay in person at the Y. The Illinois Valley YMCA is a 501 © 3 Not for Profit Organization that benefits the community. Your donation is tax deductible.

## **Capital Equipment Fund**

The Y has a fund for Capital Equipment, including new exercise equipment. If you desire to make a contribution for the purpose of facility improvements, please indicate that in your gift. Miller Group Charitable Trust recently made a \$50,000 donation for the purpose of providing members with new equipment, including more group exercise cycles.

## **Endowment Fund**

The Y Endowment Fund ensures a healthy Y for future generations. Special thanks to Frank Hughes, a longtime member, for the recent bequest to our Y. The Link Aquatic Center and Miller Building for rehabilitation are a few of the results of generous contributions to our community. Please contact Dave if you wish to make a contribution to our Endowment Fund at [d.pothhoff@comcast.net](mailto:d.pothhoff@comcast.net).
